Michael Riconosciuto, personally and individually, is retaining

Dr. John Philip Nichols, personally and confidentially, to perform for

various services of a very secretive and confidential nature in the following areas:

In addition, Dr. Nichols will help Michael Riconosciuto gain access to the type of people contacts with whom he can carry out his scientific work. The plan of action is for Dr. Nichols to select a committee to evaluate the work and life history of Mr. Riconosciuto, including judicial events to date in his life by reviewing the contributions made by him to our free democratic society to date and the potential contributions of his scientific know-how.

2) The second area in which Dr. Nichols will be of assistance is through helping Michael Riconosciuto resolve interpersonal relationships with peers, family, etc. Michael Riconosciuto understands and accepts that he has to give materials and provide finances to Dr. Nichols to help resolve these problems. In connection with the area of stability, Dr. Nichols has arranged for two (2) Board certified psychiatrists who are well known for working with scientists and

certification/clearance problems to work with Michael Riconosciuto. Since the nature of the service to be rendered is secretive, Mr. Riconosciuto's file and information therein will be held as a medical record to avoid any disclosure except to authorized parties, authorized by the signatories to this Contract. In the event that there is a question related to the services rendered or cooperation of the client, the parties to this Contract shall use the services of the American Arbitration Association for arbitration of the disputes. The representative for Michael Riconosciuto shall be Paul Morasca (Recovery Technology Inc., 827 Pacific Avenue, Suite 174, San Francisco, California 94133). The representative for Dr. John Philip Nichols shall be Peter Zokosky (81980 Tournament Way, Indio, California 92201). The third arbitrator either will be chosen by Robert Frye of Miami, Florida or by the above mentioned two arbitrators by mutual agreement.
