Dear Al:

Thanks for your good letter of August 11th.

I am very interested in what you describe in your letter.

C.D. Jackson has told me something of the work, but I didn't realize it was this far along.

I am going to be in Paris from September 12th to 19th where I am giving a lecture to the NATO Defense College. Is there any chance you will be in Paris yourself at the same time? If so, perhaps your secretary in Princeton can notify my office and we may be able to make contact.

Cordially,

Frank
