Gen., USMC (Ret.)

USCWF: GOALS AND OBJECTIVES

WHAT IS THE UNITED STATES COUNCIL FOR WORLD FREEDOM (USCWF)?

The USCWF was organized to promote the cause of Individual and National freedom from International Communism and all other forms of totalitarianism.

The struggle to promote and preserve freedom against the brutal onslaught of International Communism cannot be confined to certain geographical areas or historical episodes; it is a global and continuing struggle.

Every country lost to Communism must be of concern to Americans, for each loss moves us closer to the day when our own freedom becomes the immediate, instead of the ultimate, target of the Communist despots.

The spread of International Communism can be halted and rolled back; but only with a united effort by free people throughout the world who recognize the true nature of the Communist menace.

WHAT ARE THE OBJECTIVES OF THE U.S. COUNCIL FOR WORLD FREEDOM?

First, to provide information and educate the American public to the dangers of Communism and the threat posed to the United States by the encroachment of Communist governments on its borders.

Second, to counteract the subversion, disinformation, and news manipulation that fuels the Communist drive toward world domination.

Third, to provide non-military technical assistance, supplies, and moral support directly to freedom fighters throughout the world.

HOW DOES IT ACCOMPLISH THESE OBJECTIVES?

The USCWF publishes a monthly newsletter providing well-written and thorough articles by internationally known leaders who are experts in their fields. Special reports and studies are published on current events of interest.

The USCWF promotes books written by authors who the Council knows are well qualified and thoroughly knowledgeable in their fields.

Members of our Board of Directors are available to counteract any disinformation passed on to the American people by way of print media or television. Our Chairman, General John Singlaub, constantly speaks out against biased and misinformed news reports.

The USCWF maintains close liaison with anti-Communist organizations throughout the world, as well as in the United States. We also maintain close contact with Freedom Fighters throughout the world who are struggling for liberation from Communist domination.

WHAT ARE THE WORLDWIDE AFFILIATIONS OF USCWF?

The USCWF is a member of the World Anti-Communist League (WACL), composed of some 100 chapters throughout the world. Through affiliation with WACL the USCWF has direct contact with anti-Communist forces throughout the world. In this way we have access to current information on Communist activities anywhere in the world that is not normally readily available to most Americans.

HOW IS USCWF FUNDED?

The USCWF is a non-profit educational organization under Section 501 (c) (3), Internal Revenue Service Code. We rely solely on voluntary contributions from individuals, corporations, and other organizations for our support. All such contributions are fully tax deductible. USCWF receives no government funds.

HOW CAN INDIVIDUALS HELP?

The success of the USCWF programs will require a dedicated effort on the part of many, and the moral and financial support of many more; therefore, we solicit the cooperation and support of all American organizations and individuals who believe, as we do, that in the final analysis, there will be no freedom without victory over Communism.

WHAT ARE CURRENT USCWF PROJECTS?

COALITION FOR WORLD FREEDOM: Currently we are in the process of forming a nationwide network of anti-Communist groups to disseminate information and counteract disinformation. While these groups maintain their own identity and their own projects, in the area of anti-Communism they function as a member of a network. The COALITION FOR WORLD FREEDOM is able to maintain an efficient network of many patriotic Americans alert to any threat to our freedom.

PROJECT BOOTS: Provides work boots to Freedom Fighters in Nicaragua and Afghanistan. Boots, such as those worn by American workers, are unavailable to the Freedom Fighters struggling against communist regimes in their countries. They wear sandals, worn-out shoes, or go barefoot. A \$50.00 pair of American-made work boots is a necessity for these patriots and the USCWF has undertaken PROJECT BOOTS in order to help them.

CAPTIVE NATIONS PARK: The park, to be built in San Antonio, Texas, will be a monument to countries subjugated by Communism. Some of the countries included will be Estonia, Latvia, Ukraine, Mozambique, Poland, Hungary, East Germany, North Korea and others, we are sad to say, too numerous to list here. At the Park, a flag from each country will be flown at half-staff until they are liberated. At the base of each flag-pole will be a plaque giving a brief description and history of the oppression suffered by the people of that Captive Nation. In the center of the park will stand a bound and gagged statue of Liberty. By sponsoring this project, the USCWF hopes to provide a visual reminder to the American people of those who do not enjoy our freedoms.

ANTI-COMMUNIST TRAINING OF PEACE CORPS VOLUNTEERS: In the original legislation establishing the Peace Corps was a requirement that all volunteers be trained in the strategy and tactics of Communism so that they might be alert to the danger. It has come to the attention of the USCWF that this training program was not in place from 1969 through the present. We have undertaken an effort to see that every Peace Corps Volunteer will understand thoroughly the strategy, tactics, and methodology of Communism.

NICARAGUAN FREEDOM FIGHTERS: USCWF Chairman General John Singlaub gives speeches and briefings in all parts of the United States in support of the Freedom Fighters in Nicaragua. Through fundraising the USCWF was able to donate considerable quantities of non-lethal supplies and equipment, including small boats, outboard motors, boots, clothing, a medical evacuation helicopter and some desperately needed medical supplies.

In addition, women's and church groups are making "Freedom Fighter Friendship Kits" to be delivered to the young Nicaraguan patriots who are opposing the Marxist-Sandinista regime in their country. These kits consist of a drawstring pouch filled with personal items such as soap, toothbrush, toothpaste, comb, etc., which will show them that we Americans are grateful and that we do care about them.

However, more is needed as even with government aid, these efforts are miniscule in relation to the billions of dollars given the Sandinistas by their Soviet friends.

Jim Bishop

Dear friend:

The U.S. Council for World Freedom is in the process of forming a network of organizations dedicated to the preservation of a non-Communist hemisphere. We want you to join us.

As one of the pro-freedom, anti-communist organizations in the United States, we of the U.S. Council for World Freedom (USCWF) have watched with dismay the relentless increase in power and territory by the Soviet Union.

The Soviets succeed because they put their hearts into their work. They have brought psychological warfare (the manipulation of political forces within an enemy country) near to perfection.

Although the Marxixt-Leninists have caused more human agony than any other -ism or entity in history, their agents have been able to project the image of Communism as being merely a particular political system.

There are many sensible citizens in this and other countries who are aware of Soviet intentions and would like very much to stop the Communist advance.

If we are to succeed, we must mount an active counter-offensive by sending supplies, equipment and other needed items to the struggling resistance fighters throughout the world.

The name of the network being formed is THE COALITION FOR WORLD FREEDOM.

The USCWF is in a position to make a special contribution to the network or coalition of organizations. We are the United States Chapter of the World Anti-Communist League (WACL) which has chapters in more than 100 countries.

At the meeting of the World Anti-Communist League in San Diego last September, delegates from 98 countries were present. Thus, we have access to important sources of information not readily available to most groups. We will share this information with members of the Coalition.

National Secretarial • P.O. Box 9399 • Phoenix, AZ 85068 • 602-866-8162 • 602-864-9804
Business Office • P.O. Box 39875 • Phoenix, AZ 85069 • 602-252-4477 • 800-528-0559

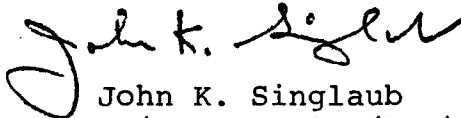

Your organization would retain its own identity and projects, however, in matters related to the advancement of freedom, it would function as a member of the Coalition network.

Will you join us in this serious effort to turn the tide against the most evil aggressor the world has ever seen?

Our objectives are set down in the Declaration of Cooperation which accompanies this letter. Please study it and if you agree with the goals set forth, sign and return it to us.

Please find enclosed our brochure and newsletter for your perusal.

Sincerely,

John K. Singlaub
Maj. Gen. USA (Ret)
Chairman

P.S. Return the Declaration of Cooperation to:
U.S. Council for World Freedom
P.O. Box 37048
Phoenix, Arizona 85069

Do not hesitate to call my office if you have any questions.
